RoHS & ELV Declaration Of Conformity

This declaration Covers: -

1. Directive 2002/95/EC of the European Parliament and of the Council of January 27 2003 on the restriction of the use of certain hazardous substances in electrical and electronic equipment.
2. Directive 2003/11/EC which amends Council Directive 76/769/EC to include pentabromodiphenyl ether and octabromodiphenyl ether.
3. Directive 2005/618/EC Commission decision of 18 August 2005 amending Directive 2002/95/EC. Establishes threshold limits for Lead, Mercury, Cadmium, Hexavalent Chromium, PBB, and PBDE.
4. Judgment of the Court (Grand Chamber) 1 April 2008, Directive 2002/95/EC-Electrical and electronic equipment – Decabromodiphenyl ether (Deca-BDE) Actions for annulment of exemption.
5. EU Directive 2006/122/EC of the European Parliament and of the Council of 12 December 2006, amending Council Directive 76/769/EEC on the restriction of Perfluorooctanoic Acid (PFOA) and Perfluorooctane Sulfanates (PFOS) used during metal plating processes.
6. Directive 2000/53/EC on end of life vehicles (ELV).

CurrentCare Ltd declares that: -

Reference: lead, mercury, cadmium, hexavalent chromium, polybrominated biphenyls, polybrominated diphenyl ethers, including pentabromodiphenyl ether, octabromodiphenyl ether, decabromodiphenyl ether, Perfluorooctanoic Acid, and Perfluorooctane Sulfanates are not intentionally added to the raw material used for; Brass, Tellurium Copper, any raw material for contact clips, plastic moulding compounds and epoxy laminates for insulators, or plantings' of; copper, nickel, gold, and pure tin except where described and allowed under item 6 of the annex; Applications where lead mercury, cadmium, and hexavalent chromium, which are exempted from the requirements of Article 4 (1) of reference 1.

To the best of our knowledge, none of our raw material suppliers use these restricted substances to manufacture their products. CurrentCare Ltd does not intentionally add these restricted substances to its products during processing. This statement is based on information provided by the suppliers of products which contain such raw material products, and covers all products you purchase from CurrentCare Ltd. Unless advised separately.

Please note that CurrentCare Ltd and its suppliers do not analyze its products for substances not purposely added. Trace amounts of any chemical and substance might be found as impurities in any product. CurrentCare Ltd will make all reasonable attempts to notify customers of changes to raw materials or processes that may cause a product to be non-compliant, as we are made aware of such information. Conditions and requirements of use are outside CurrentCare Ltd's control and therefore no warranties, expressed or implied, are made. CurrentCare Ltd assumes no liability in connection with any of this information. This certification is subject to change without notice and supersedes any previous issue. The latest revision level is available by contacting our UK sales office.

Each of our suppliers is requested to comply with these regulations.
